

General:

Rating power: 3/4/5W

Base: E27/GU10

Input voltage: AC90~265V

Colour temperature: 2800-10000K

Light source: super high
brightness LED

LED luminous flux: about
270/360/450 LMs

Characteristics:

Lens beam angle: 120°

Life time: >50,000 hours

Over current protection

Working temperature: -40°C—70°C

Cover: aluminum alloy

Shake proof design: make it safer to transport
